

COVID PROTOCOL

What is to be done if a student shows symptoms of COVID19 in the campus?

- All Students/ Faculty shall undergo thermal scanning at all entry points.
- Any students/ Faculty found to have body temperature more than 37.5 deg C or any symptoms like cold, cough, running nose and body ache should call the **hotline number +97167030677**.
- The details of the reported case/caller (name, college/program, year of study, location, contact number) are collected by Contact Centre Representative during routine hours. After routine hours, the hotline number will be attended by the Emergency Department, Thumbay Hospital Ajman.
- The College/Department is immediately informed.
- The Emergency Department at Thumbay Hospital Ajman is alerted about the index case.
- Arrangements are made for the student/faculty to go to the Emergency department of the Thumbay Hospital Ajman by their own vehicle or by ambulance, if required.
- The Student /Faculty shall register at the Emergency Department, Thumbay Hospital Ajman which is a recognised Covid hospital.
- Based on clinical assessment, Students / Faculty will be provided care as per MOH guidelines.
- The college fills the Covid Screening Form.
- The Respective College offices will follow-up on the welfare of the index case on a regular basis and also appropriately advise the contacts to follow the protocol.
